Subject: Visiting Charleston

Dear South Carolina PSC,

As a user of UberX last August, I can tell you that my Bachelor Party trip to Charleston would not have been half as enjoyable as it was without being able to utilize UberX. My friends and I were able to travel all throughout Charleston, and not have to worry about having a designated drier.

At one time over the weekend, I had to use the Yellow Cab to get me from the Municipal Golf Course back to my hotel. I can tell you that the Yellow Cab got lost (in Charleston getting to an easy location), and the UberX driver could have done laps around the yellow taxi based on quality (the yellow cabs are filthy) and timing.

I support Uber, and believe that their right to service South Carolina should be restored.

Adams, Hope

As a SC Citizen, Uber is a valuable service to the public. I use Uber across the USA in my travels and was thrilled it had become an option in SC... We need to think more forward and globally in SC.

Subject: We need uber

Removing ridesharing from South Carolina harms the tens of thousands of riders who rely on the Uber platform for safe, low-cost rides. I want continued access to the safest and most affordable rides on the road!
